Portfolio Sector Mix – Q1 2025

Sector	Outstanding Balance	Avg. Loan Yield
Services	$114M	11.8%
Manufacturing	$78M	11.4%
Retail	$53M	12.3%
Hospitality	$37M	13.1%
Other	$20M	11.9%

Loan yields are presented at sector level for the first time in Q1 2025 as part of the refreshed portfolio monitoring framework. Hospitality continues to carry the highest average yield at 13.1%, reflecting the risk premium embedded in origination pricing for the sector. Aggregate book yield averaged 11.9% in Q1 2025.

(1) Credit Loss Rate is on a last-twelve-months (LTM) basis; net of recoveries.

(2) Avg. Loan Yield is computed as annualized interest income divided by average outstanding balance per sector.

(3) Operating margin metrics (Pre-Provision / Adjusted) are under review and not reported this period.
