

Apex Freight Solutions Inc.

Operating Review | Digital Freight & Last-Mile Marketplace

Period: Q2 2025

Apex Freight Solutions Inc. ("Apex Freight") operates a digital freight and last-mile logistics marketplace connecting shippers with a distributed network of carriers. Transaction-based revenue is supplemented by SaaS tool fees charged to enterprise shipper accounts. This report is the first issued under the Apex Freight Solutions Inc. corporate name, following the completion of our rebrand from FleetLink Logistics Network, effective 1 April 2025.

Network & Volume Metrics

Metric	Q2 2025
Completed Shipments	1.28M
Active Shippers	3,460
Active Carriers	7,900
On-Time Delivery Rate	96.1%
Average Take Rate	11.2%

Financial Summary

Metric	Q2 2025
Recognized Revenue (transaction)	8.6M
SaaS Tool Fee Revenue	0.7M
Total Recognized Revenue	9.3M
Gross Margin	54%
Marketing Spend as % of Revenue	16%
Support Tickets / 1,000 Shipments	14.3
Total Headcount	204

Total Recognized Revenue reached 9.3M in Q2 2025, supported by a 9% increase in completed shipments and the first material quarter of SaaS tool fee revenue (0.7M) from enterprise shipper accounts. Contribution margin per shipment improved to \$2.30 as Apex Freight reduced promotional incentives and improved carrier-side pricing discipline. Gross Margin expanded to 54%.

Non-Recurring Items

- One-time warehouse exit cost: 0.6M (Q2 2025 only)
- Non-cash depreciation and amortisation: 0.9M
- Rebrand-related legal and design costs of 0.2M are included in Q2 2025 operating expenses and are not separately excluded from Gross Margin.

(1) Apex Freight Solutions Inc. is the successor entity to FleetLink Logistics Network; all historical metrics referenced in this document relate to the same operating business.

(2) Recognized Revenue (transaction) and SaaS Tool Fee Revenue are disclosed separately for the first time in Q2 2025.

(3) Contribution Margin per Shipment of \$2.30 is discussed in commentary; not separately tabled.

(4) On-Time Delivery Rate is carrier-reported with a 48-hour grace window per service agreement.
