Regulatory & Compliance

ClearPay received approval for its 43rd U.S. state money transmitter licence (Georgia) during Q2 2025. Applications for New York and New Hampshire remain pending. UK FCA e-money institution registration is fully compliant. A routine internal audit of client float segregation completed in Q2 2025 with no material findings.

(1) Total Payment Volume (TPV) represents gross dollar value of transactions processed; not equivalent to revenue.

(2) Effective Take Rate computed as net revenue divided by TPV; excludes platform access and implementation revenue.

(3) Restricted Cash of \$6.2M is excluded from all liquidity and runway calculations.

(4) Payment Failure Rate reflects hard failures at authorization; excludes soft declines resolved within 24 hours.

(5) This document does not constitute a prospectus or offer of securities.
