

FleetLink Logistics Network

Q1 2025 Shipper & Carrier Network Update | Freight Marketplace

Period: Q1 2025

FleetLink connects shippers and carriers through a technology-enabled freight marketplace. Transaction revenue is the primary revenue driver.

Network & Volume Metrics

Metric	Q1 2025
Completed Shipments	1.17M
Active Shippers	3,310
Active Carriers	7,550
Average Take Rate	11.0%

Financial Summary

Metric	Q1 2025
Gross Transaction Revenue	8.9M
Gross Margin	52%
Contribution Margin / Shipment	\$2.19
Marketing Spend as % of Revenue	17%
Support Tickets / 1,000 Shipments	14.9

Gross Transaction Revenue of 8.9M in Q1 2025 was broadly consistent with Q4 2024 despite a 9% increase in completed shipments relative to the approximately 1.1M shipments completed in Q4 2024, reflecting tighter promotional spend and improved carrier pricing discipline. Gross Margin improved to 52%. The team ended the quarter at 199 employees, with additions focused on carrier operations and data engineering.

(1) On-Time Delivery Rate for Q1 2025 was 95.4%; disclosed here rather than in the metrics table pending a format review.
(2) Gross Transaction Revenue reflects all fees earned on completed shipments; may differ from prior 'Platform Revenue' label.
(3) Contribution Margin per Shipment is post-carrier-cost, pre-overhead allocation.
(4) Headcount of 199 at Q1 2025 period end is disclosed in commentary; not tabled this quarter.
